

Live-demo script card

Keep this handy on the call — six things to try with INSURA, live.

Prepared by **NALASHAA**

CALL

+1 (608) 909-8592

Call from any phone.

Speak naturally — interrupt freely.

TRY	SAY THIS	YOU'LL SEE
New quote	<i>"I just opened a bakery and need insurance."</i>	End-to-end quote + emailed summary
Bundle	<i>"I need to cover my house and my car."</i>	Bundling with an applied discount
Lookup	<i>"When does my policy renew?"</i>	Identity check, then a secure read-back
Correction	<i>"That email's wrong — it's two L's."</i>	Re-validates without starting over
Empathy	<i>"Sorry, we just had a house fire."</i>	Tone shifts; humour drops entirely
Escalate	<i>"This is a complex claim situation."</i>	Captures a callback, alerts your team

After any quote or change, check the caller's inbox —

INSURA emails a draft summary within seconds, and logs a structured event to WMIC systems.
